5th February 2020: July 2020 sees the publication of **A Genesis In My Bed** – the long overdue autobiography from guitar great and former member of **Genesis**, **Steve Hackett**. As with his music, Steve has written a highly detailed, entertaining and embracing tome that charts his life in full, but with a firm emphasis on his years with Genesis that saw the band's meteoric rise to become one of the most successful British bands of all time.

Steve talks candidly about his early life, his time with Genesis, and in particular his personal relationships with the other four band members, with great insight into the daily goings on of this major rock band.

Naturally, *A Genesis In My Bed* also regales stories of Steve's career since leaving Genesis and the many different journeys that it has taken him on. With his flair for the creative, and a great deal of levity, ***A Genesis In My Bed*** is also a riveting read. Indispensable for Genesis fans but also essential for general music lovers and avid readers of autobiographies full of heartfelt and emotive tales.
